D-SNAP Deductions

Non-reimbursable disaster related expenses (i.e. medical cost related to disaster, evacuation costs, storage fees, etc.).

SNAP Deductions (not all inclusive)

- ◇ Standard Deduction (varies by household size)
- ◇ Shelter (i.e. mortgage, rent, etc.) and utilities (i.e. electric, phone, etc.)

¹ The D-SNAP income limit is the SNAP net income limit plus the standard deduction for the household size and maximum shelter cost of \$517 which is provided to regular SNAP households (For example, for a household of one - \$990 + \$157 + \$517 = \$1664).
